***SafeGuard World International Announces Corporate Headquarters Expansion in Austin, Texas***

*AUSTIN, Texas (February 9, 2015)* - SafeGuard World International (SGWI), a leading provider of global managed payroll, global employment outsourcing and international HR services, is excited to announce the next step on its journey as it expands into a brand new and larger office headquarters in Austin, Texas.

SGWI first established a presence as a Global Payroll company in the U.S. in 2008. In the seven years since, it has experienced substantial exponential growth in its client base, personnel and market position.

Austin's reputation as a technological hub, its robust labor market, strong population inflow and business-friendly environment, aligns well with SGWI's values and growth initiatives, making it the ideal location for a young, market-disrupting organization.

Spanning over 9,000 square feet, SGWI's Austin headquarters houses a game room, refectory facilities, walking trails and other amenities for employees to enjoy.

Founder and Chief Guardian of SGWI Bjorn Reynolds commented, "I am delighted and extremely proud to open our headquarters in Austin. Making the decision to centralize our executive team here allows us to position the organization for continued growth. Our progress over the past years is unparalleled within the market and SGWI's new home is a testament to the successes and victories we've experienced since our inception.

"I foresee 2015 being another fantastic year. We're continuing to add large multinationals to our client base and with exciting technological releases set to revolutionize the market, SafeGuard World International are certainly the ones to watch."
